

Scholarships

P&C ASSOCIATION SCHOLARSHIP PROGRAM

Students in each year level have the opportunity to apply for scholarships according to selection criteria in academic and practical performance and achievement within the School community. Scholarships are awarded for a financial year and applications are submitted in May.

Currently it is possible for a student to obtain scholarships throughout their secondary Schooling to a total of \$1350.00. The P & C sponsors a total of \$8,000 per year to be used for yearly scholarships as well as a Transition Scholarship which is offered to Year 7 students from local primary schools who have enrolled for Year 8 at Coombabah State High School. Scholarships may also be supplemented through funds available from the P&C Association for representation at Regional, State and National levels. This support increases as students obtain higher levels through the School's Reward Scheme.
